24/7 Care: frequently asked questions

What is Teladoc Health 24/7 Care?
24/7 Care is a virtual healthcare service that offers convenient, confidential access to quality providers 24/7, anytime, anywhere.

By scheduling a visit with a U.S. board-certified and licensed provider, you can be diagnosed, treated and prescribed medication if necessary.

What can I use Teladoc Health 24/7 Care for?
24/7 Care can help you with everyday, non-emergency healthcare issues, including sinus problems, allergies, flu symptoms and much more. Skip the waiting room and the trip to the ER. Teladoc Health is here to help you feel better faster and get back to living your life.

Does Teladoc Health 24/7 Care replace my doctor?
No. 24/7 Care doesn't replace your primary care doctor. Teladoc Health should be used for non-emergency illnesses when it is not convenient to get to the doctor, or it is outside of regular office hours.

How do I register?
Download the Teladoc Health app, visit the website or call 1-800-835-2362 to register.

Do I need to have my insurance information available?
As you register, you may need information on your health insurance card. If requested, having this information will help make the registration process easier.

How much does it cost?
The cost of a 24/7 Care visit varies depending on the type of visit you are requesting and your plan design. You will see the visit fee during the visit request process. If you wish to confirm pricing prior to requesting a visit, call 1-800-835-2362.

How do I pay for the visit?
If there is a fee, you can pay with your HSA (health savings account) card, credit card, prepaid debit card or by PayPal.

Is there a time limit when talking to the provider? Am I charged more for taking longer?
There is no time limit for visits, and there is no extra charge for longer provider visits.

How do I access Teladoc Health 24/7 Care?
The service can be accessed by app, web or phone and visits are available by phone or video.

If the Teladoc Health provider recommends that I see my primary care doctor or a specialist, do I still have to pay the 24/7 Care visit fee?
Yes. Just like any medical appointment, there is a fee for the consulting provider's time. The portion of the fee that you will pay varies based on your benefits plan structure.

Can my family use Teladoc Health?

This depends on your specific Teladoc Health plan. Most plan designs allow you to use the Teladoc Health 24/7 Care service for you, your spouse and covered dependents. Dependents over 18 years old should download the Teladoc Health app and create their own account. For dependents under 18 years old, the primary account holder must request a visit on their app, website or by phone.

Who are Teladoc Health providers?

Teladoc Health providers are U.S. board-certified providers. They average 15 years of experience and are licensed to practice in your state.

Can Teladoc Health providers prescribe medications?

Yes. When medically appropriate, providers can prescribe medications. If a prescription is not required, the provider may provide the member with instructions for managing symptoms or following up with their primary care doctor.

Can my primary care doctor get a record of my Teladoc Health visit?

With your consent, an electronic copy of your Teladoc Health visit will be sent to your primary care doctor.

Can I use 24/7 Care while traveling?

Teladoc Health is available in all 50 states so you can use the service while traveling within the United States. Some restrictions may apply.*

Who should I contact if I have questions or encounter an issue?

Teladoc Health aims to make your experience with us as seamless as possible. If you have any further questions or encounter an issue, please visit TeladocHealth.com/care-anytime or call the Member Support team at 1-800-835-2362.

Does Teladoc Health offer any other services?

Please log in to your account to see any additional services that may be available to you.
