Information requested on this application must be provided to obtain a public swimming pool license. Personal information you provide may be used for purposes other than that for which it was originally collected (Wis. Stat. § 15.04(1)(m)). Operating without a license is a violation of Wisconsin law. If you have been operating without a license, you will be required to pay an operating without a license fee in addition to the license fee. Licenses are not transferable between persons or locations. Licenses expire annually on June 30; except licenses issued after April 1 expire on June 30 of the following year. The license fee is not prorated for partial license years. The department or agent may inspect premises at any reasonable time. Missing information may delay the issuance of your license. You cannot operate without a valid license issued by the Department. The undersigned hereby certifies that this is a true, complete, and accurate application for the public swimming pool license under Wis. Stat. § 97.67.

Within 30 days after receiving a complete application for a license, the department or its agent shall either approve the application and issue a license or deny the application. If the application for a license is denied, the department or its agent shall give the applicant reasons, in writing, for the denial. A license shall not be issued to an operator without prior inspection.
