

INFLUENZA (FLU) VACCINE CLINICS

Provided by the Clark County Health Department (CCHD)

The best way to prevent influenza (flu) and its potentially serious complications is with a flu vaccine. The CDC recommends routine annual flu vaccinations for everyone age 6 months and older who do not have any contraindications.

WHO:

- ✓ Children (Age 6 Months - 18 Years)
 - Flu vaccine is free, regardless of insurance status, if they attend a vaccine clinic noted with a *.
- ✓ Adults (Age 19+) - Standard Adult Dose
 - Will bill insurance companies listed below, otherwise vaccine is private pay. Private Pay = \$40.
- ✓ Adults (Age 65+) - High Dose (Limited Supply)
 - Will bill insurance companies listed below, otherwise vaccine is private pay. Private Pay = \$88.

The CCHD is able to bill the following insurance carriers:
Medicaid/BadgerCare+, Security Health Plan, Security Administrative Services,
UMR, Blue Cross Blue Shield, and Medicare.
You must present your insurance card(s) at the clinic.

Students attending the school districts listed to the left will have the opportunity to get their flu shot during school hours. Consent forms will be provided to all students, or can be found at the school district office.
